

INDEX TO VOLUME VII

Book reviews are grouped together and are indexed under that heading in alphabetical order.

A

- Abdomen: See McLeod, Thompson
- Abdominal wounds: See McLeod, Thompson
- Abell, I.: Address, Editorial, 163
- Abnormalities of the female genitalia: See Moore
- Abscess, brain: See King
- Acute gallbladder disease: See Hancock
- Acute ruptured peptic ulcer: See Read
- Address, Editorial, I. Abell, 163
- Adrenal-genital syndrome: See Cahill
- Adrenals: See Cahill
- Advantages of perineal urethrotomy in prostatic resection, R. M. Nesbit, 501
- After-care in poliomyelitis: See Irwin
- Air conditioning and the surgical patient, Editorial, W. McK. Craig, 458
- Allergy: Its relation to the surgical specialties, H. M. Davison, M. I. Lowance, and W. R. Crowe, 233
- Ambulatory treatment of fractures of the lower extremity, R. A. Griswold, 157
- Amputation: See Kessler
- Ankle: See Campbell
- Anus: See Davison, T. C.
- Application of the Aschheim-Zondek and Friedman test: See Stadiem
- Arbuckle, M. F., and Stutsman, A. C.: Safety-pin in the alimentary tract: diagnosis, treatment, dangers, complications, 131
- Artery, brachial: See Boling
- Artificial fever: See Ballenger
- Aschheim-Zondek test: See Stadiem

B

- Back pain: See Fincher
- Ballenger, E. G.; Elder, O. F.; McDonald, H. P., and Coleman, R. C.: Sulfanilamide: I. A general discussion of the drug; II. Sulfanilamide with the sealing treatment of beginning gonorrhea; III. Sulfanilamide in combination with artificial fever, 204
- Bilateral pneumothorax and extensive subcutaneous emphysema complicating gastric resection: Report of case, J. R. Phillips; G. W. Waldron, and F. R. Van Zant, 118
- Bile ducts: See Street
- Blackburn, J. D.: A new skull-traction appliance, 16
- Blackford, L. M.: Coronary disease and the surgeon, 263
- Blalock, A.: Shock or peripheral circulatory failure, 150
- Boland, F. K.: Postgraduate surgical education, Editorial, 165
- Boling, E.: Sudden occlusion of the brachial artery, 517
- Bone forceps: See Hendon
- Bone grafts: See Gordin
- Bones of the elbow: See Weiland

BOOK REVIEWS:

- The American Illustrated Medical Dictionary, W. A. Newman Dorland and E. C. L. Miller, 468
- Anus, Rectum, Sigmoid and Colon: Diagnosis and treatment, H. E. Bacon, 465
- Appendicitis: A clinical study, W. W. Bowen, 75
- Artificial fever, C. A. Neymann, 171
- Athletic injuries: Prevention, diagnosis and treatment, A. Thorndike, Jr., 365
- The business side of medical practice, T. Wiprud, 74
- Chemistry of the brain, I. H. Page, 170
- The collapse therapy of pulmonary tuberculosis, J. Alexander, et al, 72
- Collected Papers of the Mayo Clinic and the Mayo Foundation, R. M. Hewitt; L. G. Potter; A. B. Nevling, and H. L. Day, 467
- The compleat pediatrician, W. C. Davison, 269
- Crippled children: Their treatment and orthopedic nursing, E. H. McBride, and W. R. Sink, 77
- Diseases of the heart, T. Lewis, 73
- Diseases of the nervous system in infancy, childhood and adolescence, F. R. Ford, 78
- Diseases of the skin for practitioners and students, G. C. Andrews, 468
- External diseases of the eye, D. T. Atkinson, 75
- Industrial surgery: Principles, problems and practices, W. W. Lasher, 567
- Health education and the public, W. W. Bauer and T. G. Hull, 77
- Hemorrhoids, M. C. Pruitt, 267
- Horse and buggy doctor, A. E. Hertzler, 566
- Interns handbook, M. S. Dooley, 568
- Introduction to ophthalmology, P. C. Kronfeld, 268
- The life of Chevalier Jackson: An autobiography, 465
- Management of fractures, dislocations and sprains, J. A. Key and H. E. Conwell, 268
- Materia medica, pharmacology, and therapeutics and prescription writing, W. A. Bastedo, 75
- A monograph on veins, K. J. Franklin, 269
- Neurology, R. R. Grinker, 74
- Operative gynecology, H. S. Crossen, and R. J. Crossen, 171
- Outline of roentgen diagnosis, L. G. Rigler, 567
- Pediatric surgery, E. C. Brenner, 269
- Plastic surgery, A. J. Barsky, 568
- The pneumonias, H. A. Reimann, 568
- The postmortem examination, S. Farber, 77
- Practical proctology, L. A. Buie, 170
- Practical talks on kidney disease, E. Weiss, 76

- The practice of urology, L. Herman, 267
 A primer for diabetic patients, R. M. Wilder, 366
 The roentgenologist in court, S. W. Donaldson, 78
 Surgical diseases of the mouth and jaws, E. C. Padgett, 364
 Surgical pathology of the diseases of the neck, A. E. Hertzler, 73
 The surgical treatment of hypertension, G. Crile, 365
 A synopsis of the diagnosis of the acute surgical diseases of the abdomen, J. A. Hardy, 366
 Synopsis of gynecology, H. S. Crossen, and R. J. Crossen, 76
 The technic of local anesthesia, A. E. Hertzler, 74
 A textbook of gynecology, A. H. Curtis, 467
 A textbook of ophthalmology, S. R. Gifford, 366
 Textbook of surgical nursing, H. S. Brookes, 76
 Treatment in general practice, H. Beckman, 364
 Vitamin B₁ (Thiamin) and its use in medicine, R. R. Williams and T. D. Spies, 466
 Borland, J. L.: Some experiences with the flexible gastroscope, 385
 Brachial artery: See Boling
 Bradley, E. B.: Interdependence of surgeon and internist, Editorial, 359
 Brain abscess with gross rupture into the lateral ventricle, J. E. J. King, 521
 Brenizer, A. G.: The development of the various methods of ureteral transplantation and cystectomy; the addition of another method, 341
 Bronchial lavage: See Hart
 Bronchiectasis: See Hart
- C
 Cahill, G. F.: Studies of the adrenals by x-rays in adrenal-genital syndrome, 489
 Campbell, W. C.: The treatment of mal-united fractures of the ankle with special reference to fusion, 395
 Carcinoma of the upper esophagus: Laryngectomy and resection; postoperative mediastinitis with drainage: Three year cure, M. Eguen, and F. Neuffer, 411.
 Central fractures of the neck of the femur, J. S. Speed, 19
 Chronic pulmonary diseases: See Vinson
 Cineplastic amputation, H. H. Kessler, 285
 The clinical application of the Aschheim-Zondek and Friedman test, M. L. Stadlem, 44
 Clinical observations on bronchial lavage by the Stitt method: See Hart
 Cohn, I.: Osteomyelitis, 415
 Coleman, R. C.: See Ballenger
 Congenital abnormalities of the female genitalia, O. Moore, 40
 Copeland, M. M.: See Geschickter
 Coronary disease and the surgeon, Editorial, L. M. Blackford, 263
 Craig, W. McK.: Hypertension and its surgical treatment, 140
 Air conditioning and the surgical patient, Editorial, 458
 Crile, G.: Operative treatment of essential hypertension, 220
 Crowe, W. R.: See Davison, H. M.
 Cystectomy: See Brenizer
- D
 Davison, H. M.; Lowance, M. I., and Crowe, W. R.: Allergy: Its relation to the surgical specialties, 233
 Davison, T. C.: The use of prepucial epithelialize tract in the treatment of imperforate anus, 68
 Deodorization and management of fungating wounds in malignant disease, C. F. Geschickter, and M. M. Copeland, 244
 The development of the various methods of ureteral transplantation and cystectomy; The addition of another method, A. G. Brenizer, 341
 The diagnosis and management of acute gall-bladder disease, J. D. Hancock, 121
 Diagnosis and treatment of lateral sinus thrombosis, C. McDougall, 333
 Diagnosis of uterine bleeding: See Hertzler
 Differential diagnosis of chronic pulmonary diseases: See Vinson
 Disease of gallbladder and bile ducts: symptomatology and results of surgical treatment, A. Street, 299
 Displaced intervertebral cartilage: See Fischer
 Diverticulitis: See Rankin
 Dyspepsias: See Lockwood
- E
 Early after-care of poliomyelitis: See Irwin
- EDITORIALS:
 Address, I. Abell, 163
 Air conditioning and the surgical patient, W. McK. Craig, 458
 Coronary disease and the surgeon, L. M. Blackford, 263
 Interdependence of surgeon and internist, E. B. Bradley, 359
 1938, 71
 Opportunities, obligations, privileges and rewards of The Southeastern Surgical Association: Its expanding position in medical education, R. L. Sanders, 455
 Postgraduate surgical education, F. K. Boland, 165
 Pulmonary embolism; and from sudden death, 559
 The Review of Tumor Therapy, 167
 Scientific exhibits, 562.
 An efficient method of fixation and immobilization of un-united fractures where bone grafts are desired, A. E. Gordin, 225
 Elbow: See Weiland
 Elder, O. F.: See Ballenger
 Electrosurgery, F. H. Krusen and E. C. Elkins, 61
 Elkins, E. C.: See Krusen
 Embolism: See Boling, Editorial
 Emphysema: See Phillips
 Epithelioma of the cheek: See Mershon

Equen, M., and Neuffer, F.: Carcinoma of the upper esophagus: Laryngectomy and resection; postoperative mediastinitis with drainage; three year cure, 411

Esophagus: See Equen

Essential hypertension: See Craig, Crile, and Moore, C. H.

Etiologic and therapeutic aspects of bronchiectasis with clinical observations on bronchial lavage by the Stitt method, V. K. Hart, 313

Exhibits: See Editorial

F

Female genitalia: See Moore

Femur: See Speed

Fincher, E. F., and Walker, E. B.: Sciatica and low back pain: A study of 31 consecutive cases in which 24 were due to a displaced intervertebral cartilage, 97

Fixation of un-united fractures: See Gordin

Flexible gastroscope: See Borland

Forearm: See Owen

Fracture frame: See Rudder

Fractures of the ankle: See Campbell

Fractures of the femur: See Speed

Fractures of the forearm: See Owen

Fractures of the lower extremity: See Griswold, Campbell, Speed

Fractures of the neck of the femur: See Speed

Fractures, un-united: See Gordin

Friedman test: See Stadiem

Fuller, G. W., and Kellum, J. M.: Prontosil and sulfanilamide in the treatment of gas gangrene! Report of two cases, 305

Fungating wounds: See Geschickter

G

Gallbladder disease: See Hancock, Street

Gangrene: See Fuller

Gas gangrene: See Fuller

Gastric resection: See Phillips

Gastroscope: See Borland

Gatch, W. D.: Some considerations in wound healing, 505

General peritonitis: See Heyd

Genitalia: See Moore

Geschickter, C. F., and Copeland, M. M.: Deodorization and management of fungating wounds in malignant disease, 244

Gonorrhea: See Ballenger

Gordin, A. E.: An efficient method of fixation and immobilization of un-united fractures where bone grafts are desired, 225

Grimes, A. E., and Massie, F. M.: Regional ileitis (with republication of a case in 1806), 251

Grimes, A. E.: See Rankin

Griswold, R. A.: The ambulatory treatment of fractures of the lower extremity, 157

H

Hancock, J. D.: The diagnosis and management of acute gallbladder disease, 121

Handley operation: See Heyd

Hart, V. K.: Etiologic and therapeutic aspects of bronchiectasis with clinical ob-

servations on bronchial lavage by the Stitt method, 313

Hemorrhage of peptic ulcer origin: See Phillips

Hendon, G. A.: Useful bone forceps, 358

Hertzler, A. E.: Operating room diagnosis of uterine bleeding, 541

Heyd, C. G.: Surgical treatment of general peritonitis by the Handley operation, 106

Hoch, J. H.: See Review of Neoplasms

Hypertension: See Craig, Crile, Moore, C. H.

Hypertension and its surgical treatment, W. McK. Craig, 140

I

Immobilization of un-united fractures: See Gordin

Imperforate anus: See Davison, T. C.

The importance of physical examination in the differential diagnosis of chronic pulmonary diseases, P. P. Vinson, 338

Injuries to the bones of the elbow, A. H. Weiland, 54

Interdependence of surgeon and internist, Editorial, E. B. Bradley, 359

Intervertebral cartilage: See Fincher

Intraocular tumors, A. B. Reese, 194

Irwin, C. E.: Physiologic rest in the early after-care of poliomyelitis, 125

J

Jervy, R.: See Review of Neoplasms

Jones, G. W.: See Review of Neoplasms

K

Kalayjian, B.: See Review of Neoplasms

Kelley, W. H.: See Review of Neoplasms

Kellum, J. M.: See Fuller

Kessler, H. H.: Cineplastic amputation, 285

King, J. E. J.: Brain abscess with gross rupture into the lateral ventricle, 521

Kredel, F. E.: See Review of Neoplasms

Krusen, F. H., and Elkins, E. C.: Electrosurgery, 61

L

Laryngectomy: See Equen

Lateral sinus thrombosis: See McDougall

Lateral ventricle: See King

Lockwood, A. L.: Surgical dyspepsias, 439

Lowance, M. I.: See Davison, H. M.

Low back pain: See Fincher

Lower extremity: See Griswold

Lyons, C.: Modern methods in the treatment of pyogenic infections, 308

M

Malignant disease: See Geschickter

Malunited fractures of the ankle: See Campbell

Management of acute gallbladder disease: See Hancock

Management of complicated fractures of the forearm, W. B. Owen, 554

Management of fungating wounds in malignant disease: See Geschickter

Massie, F. M.: See Grimes

McDonald, H. P.: See Ballenger

McDougall, C.: Diagnosis and treatment of lateral sinus thrombosis, 333

McLeod, J.: Non-penetrating wounds of the abdomen, 293

Mediastinitis: See Equen

Mershon, H. F.: Ulcerating epithelioma of the cheek, 262

Modern methods in the treatment of pyogenic infections, C. Lyons, 308

Modern trends in the teaching and practice of surgery, F. W. Rankin, 185

Moore, C. H.: The surgical treatment of hypertension, 353

Moore, O.: Congenital abnormalities of the female genitalia, 40

N

Nesbit, R. M.: The advantages of perineal urethrotomy in prostatic resection, 501

Neuffer, F.: See Equen

A new skull-traction appliance, J. D. Blackburn, 16

1938, Editorial, 71

Non-penetrating wounds of the abdomen, J. McLeod, 293

O

Occlusion of the brachial artery: See Boling

Operating room diagnosis of uterine bleeding, A. E. Hertzler, 541

Operative treatment of essential hypertension, G. Crile, 220

Opportunities, obligations, privileges and rewards of The Southeastern Surgical Association: Its expanding position in medical education, Editorial, R. L. Sanders, 455

Osteomyelitis, I. Cohn, 415

Owen, W. B.: Management of complicated fractures of the forearm, 554

P

Peptic Ulcer: See Phillips, Read

Perineal urethrotomy: See Nesbit

Peripheral circulatory failure: See Blalock

Peritonitis: See Heyd

Phillips, J. R.; Wadron, G. W., and Van Zant, F. R.: Bilateral pneumothorax and extensive subcutaneous emphysema complicating gastric resection: Report of case, 118

Phillips, J. R.: Severe hemorrhage of peptic ulcer origin, 407

Physiologic rest in the early after-care of poliomyelitis, C. E. Irwin, 125

Pneumothorax: See Phillips

Poliomyelitis: See Irwin

The Postgraduate Surgical Assembly in Louisville, 168

Postgraduate surgical education, Editorial, F. K. Boland, 165

Postoperative mediastinitis with drainage: See Equen

Practice of surgery: See Rankin

Prepuce: See Davison, T. C.

Prontosil and sulfanilamide in the treatment of gas gangrene: Report of two cases, G. W. Fuller, and J. M. Kellum, 305

Prostatic resection: See Nesbit

Pulmonary diseases: See Vinson

Pulmonary embolism, 559

Pyogenic infections: See Lyons

R

Rankin, F. W., and Grimes, A. E.: The surgical treatment of diverticulitis, 1

Rankin, F. W.: Modern trends in the teaching and practice of surgery, 185

Read, J. C.: Review of one hundred cases of acute ruptured peptic ulcer, 436

Regional meetings, 564

Reese, A. B.: Intraocular tumors, 194

Regan, J. W.: See Review of Neoplasms

Regional ileitis (with republication of a case in 1806), A. E. Grimes, and F. M. Massie, 251

Review of one hundred cases of acute ruptured peptic ulcer, J. C. Read, 436

REVIEW OF NEOPLASMS:

Abstracts of recent literature on gynecologic cancer, B. Kalayjian, 484

Adjuncts to irradiation, J. H. Hoch, 181

Clinical oncology, an opportunity for the pathologist, H. Wood, 174

The endocrine factor in relation to cancer, J. W. Regan, 273

General news about cancer, 184

Intrathoracic tumors, W. A. Smith, 481

Microscopic changes in tumors following irradiation, H. Wood, 373

Neoplastic and neoplastic-like growths of lymphoid tissue, I. H. Wood, 278

Neoplastic and neoplastic-like growths of myeloid tissue, II, H. Wood, 469

The neutron, H. Rudisill, Jr., 180

Oncology as a specialty, G. W. Jones, 477

Openings of new cancer clinics, R. Jervey, 184

Pathology, S. Sailer, 577

Preoperative and pre-radium roentgen therapy, B. Kalayjian, 370

Radiation skin reactions and recovery, H. Rudisill, Jr., 376

Radiology, H. Rudisill, Jr., 569

The significance of heredity in the etiology of cancer, W. H. Kelley, 177

The surgery of carcinoma of the breast, F. E. Kredel, 367

Surgery, F. E. Kredel, 574

Surgery of carcinoma of the colon and rectum, F. E. Kredel, 270

The surgery of carcinoma of the stomach, F. E. Kredel, 172

Tissue extracts in tumor therapy, J. H. Hoch, 381

Review of Tumor Therapy, Editorial, 167

Roster of The Southeastern Surgical Congress, 79

Rudder, F. F.: A simplified fracture frame, 149

Rudisill, H., Jr.: See Review of Neoplasms

Ruptured peptic ulcer: See Read

S

Safety-pin in the alimentary tract: Diagnosis, treatment, dangers, complications, M. F. Arbuckle, and A. C. Stutsman, 131

Sailer, S.: See Review of Neoplasms
 Sanders, R. L.: Opportunities, obligations, privileges and rewards of The South-eastern Surgical Association: Its expanding position in medical education, Editorial, 455
 Sciatica and low back pain: A study of 31 consecutive cases in which 24 were due to a displaced intervertebral cartilage, E. F. Fincher, and E. B. Walker, 97
 Scientific exhibits, 563
 Sealing treatment of beginning gonorrhea: See Ballenger
 Severe hemorrhage of peptic ulcer origin, J. R. Phillips, 407
 Shock or peripheral circulatory failure, A. Blalock, 150
 Silk sutures: See Thompson
 A simplified fracture frame, F. F. Rudder, 149
 Sinus thrombosis: See McDougall
 Skull-traction: See Blackburn
 Smith, W. A.: See Review of Neoplasms
 Some considerations in wound healing, W. D. Gatch, 505
 Some experiences with the flexible gastroscope, J. L. Borland, 385
 Speed, J. S.: Central fractures of the neck of the femur, 19
 Stadium, M. L.: The clinical application of the Aschheim-Zondek and Friedman test, 44
 Stitt method of bronchial lavage: See Hart
 Street, A.: Disease of gallbladder and bile ducts: Symptomatology and results of surgical treatment, 299
 Studies of the adrenals by x-rays in adrenal-genital syndrome, G. F. Cahill, 489
 Stutsman, A. C.: See Arbuckle
 Subcutaneous emphysema: See Phillips
 Sudden death: See Editorial
 Sudden occlusion of the brachial artery, E. Boling, 517
 Sulfanilamide: I. A general discussion of the drug; II. Sulfanilamide with the sealing treatment of beginning gonorrhea; III. Sulfanilamide in combination with artificial fever, E. G. Ballenger; O. F. Elder; H. P. McDonald, and R. C. Coleman, 204
 Sulfanilamide in the treatment of gas gangrene: See Fuller
 Surgical dyspepsias, A. L. Lockwood, 439
 Surgical treatment of disease of gallbladder and bile ducts: See Street
 Surgical treatment of diverticulitis, F. W. Rankin, and A. E. Gimes, 1
 Surgical treatment of general peritonitis by the Handley operation, C. G. Heyd, 106

Surgical treatment of hypertension, C. H. Moore, 353; see also Craig and Crile
 Symptomatology in disease of gallbladder and bile ducts: See Street

T

Teaching and practice of surgery: See Rankin
 Therapeutic aspects of bronchiectasis: See Hart
 Thompson, M.: The use of silk sutures for abdominal wounds, 136
 Treatment of beginning gonorrhea: See Ballenger
 disease of gallbladder and bile ducts: See Street
 diverticulitis: See Rankin
 essential hypertension: See Craig, Crile, Moore
 fractures of the lower extremity: See Griswold
 gas gangrene: See Fuller
 general peritonitis: See Heyd
 imperforate anus: See Davison, T. C.
 lateral sinus thrombosis: See McDougall
 Treatment of malunited fractures of the ankle with special reference to fusion, W. C. Campbell, 395
 Treatment of pyogenic infections: See Lyons
 Tumors, intraocular: See Reese

U

Ulcerating epithelioma of the cheek, H. F. Mershon, 262
 Ureteral transplantation: See Brenizer
 Urethrotomy: See Nesbit
 Useful bone forceps, G. A. Hendon, 358
 The use of prepucio to epithelialize tract in the treatment of imperforate anus, T. C. Davison, 68
 The use of silk sutures for abdominal wounds, M. Thompson, 136
 Uterine bleeding: See Hertzler

V

Van Zant, F. R.: See Phillips
 Ventricle, lateral: See King
 Vinson, P. P.: The importance of physical examination in the differential diagnosis of chronic pulmonary diseases, 338

W

Waldron, G. W.: See Phillips
 Walker, E. B.: See Fincher
 Weiland, A. H.: Injuries to the bones of the elbow, 54
 Wood, H.: See Review of Neoplasms
 Wounds of abdomen: See McLeod, Thompson
 Wound healing: See Gatch
